Notes to PG/LA-27 LVDT Mounting Kit Dimensions Chart

Note 1: Metric dimensions in millimeters shown in parentheses

Note 2: Metric screw size is an alternative, not exact equivalent

Note 3: N/A means is not applicable or appropriate to mounting

Note 4: Installed height is to the top of clamp plate and does not include the height of lockwashers and/or mounting screw heads

Note 5: For **x x PA** clamps installed without base plate, subtract 0.12 inches (3 mm) from installed height ***C*** and center height ***D***

Note 6: Any **-HD** or **-PG** clamp works with any LA-27 LVDT
